Metropolitan Orlando Chapter President's Award for Chapters

The Metropolitan Orlando Chapter's goals continue with Rising Together through changes that lift each other up. The chapter website highlights the AACN theme as a scrolling banner on the homepage, and the artwork is incorporated in slides and handouts. Board profiles include the theme, to share the reasons for their involvement with their local AACN chapter. The chapter supports an AACN theme scholarship that awards a current, nominating chapter member and a bedside nurse who is not a current chapter or national AACN member. This scholarship awards each nurse's local and national membership dues for a year. Nominations incorporate the AACN theme in consideration of an award. The AACN theme becomes a compass to inspire chapter and individual work. The chapter can impact beyond its individuals with the charge of Rising Together in the workplace, community and our profession.
